

Comprehension Strategy Instructional Planning

Strategy: Monitoring Comprehension	Activating Schema and Making Connections Asking Questions and Making Predictions	Determining Importance Synthesizing and Summarizing	Making Inferences Visualizing	Text:
Before Reading: <i>How will you get your students ready to read and how will you use this strategy?</i>				
During Reading: <i>How will they hold their thinking while they are reading?</i>				
After Reading: <i>How will they extend their thinking when they have finished reading?</i>				
Assessment for learning: <i>How will your students know whether they are able to use this strategy independently?</i>				
Assessment of learning: <i>How will you know if students are using this strategy independently?</i>
